REMOVE THE CORRECT DOSAGE FROM THE BLISTERPAK/CONTAINER AND CLOSE CONTAINER IF NECESSARY				
OBTAIN APPROPRIATE AMOUNT OF FLUID TO SWALLOW MEDICATION				
CAN PUT OWN MEDICATION IN MOUTH				
WILL SWALLOW OWN MEDICATION WITHOUT PROMPTING				
REPLACE MEDICATION IN APPROPRIATE STORAGE AREA				
THROW USED CUP(S) AWAY APPROPRIATELY				

Based upon the observations noted, make a decision as to which category the consumer falls into and document level of ability on Nursing Assessment Summary below.

The above consumer was evaluated and found to be:

( ) 1. **Capable of Self-Administration of Medication Independently** – Can consistently self-administer medication. Supervision and/or assistance may be needed in exceptional circumstances. (Consumer is totally responsible for medication).

( ) 2. **Capable of self-Administering of Medication with Supervision** – Can self-administer medication with occasional prompting and/or instruction and/or monitoring. (Consumer will pour medication and self-administer).

( ) 3. **Capable of Self-Administering of Medication with Assistance** – Can self=administer medication with frequent or regular verbal prompting and /or instruction or frequent physical aid. (Staff will pour medication and give to the consumer for self-administration).

( ) 4. **Total Support** – Total responsibility must be assumed by a licensed nurse or approved medication administration personnel to administer medication to the consumer.
